

DIRECTIONS OF THE PREMIER

DIRECTIONS OF THE PREMIER UNDER SECTION 10 OF THE *PUBLIC SECTOR ACT 2009*

I, Jay Wilson Weatherill, Premier of South Australia, hereby issue the following directions under section 10 of the *Public Sector Act 2009* which bind all public sector agencies¹.

Public Sector Employee Mobility Strategy

As an element of the Employee Mobility Strategy for employees employed in the Department for Communities and Social Inclusion (DCSI) affected by organisational change resulting from the implementation of the National Disability Insurance Scheme and Commonwealth aged care reforms (Commonwealth reforms), I direct chief executives and agency heads in the South Australian public sector:

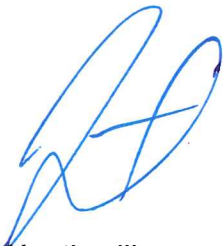

- to actively prioritise consideration of employees employed within DCSI on an ongoing basis in a role/duties/position affected by or to be affected by organisational change resulting from the Commonwealth reforms as if they were declared as excess to requirements, subject to first prioritising work injured employees and those declared as excess to requirements; and
- to hold (and temporarily backfill where necessary) a relevant position for an ongoing DCSI employee who is needed to be retained to support the implementation of the reforms.

I also direct that the Commissioner for Public Sector Employment will monitor and otherwise oversee the extent to which chief executives, agency heads and delegates are complying with the above direction.

¹ With the exception of the Courts Administration Authority, the Legal Services Commission, the Independent Commissioner Against Corruption and Office for Public Integrity.

I further direct that where there is disagreement between the chief executive or a delegate in DCSI and the chief executive, agency head or a delegate in another agency as to the suitability of an employee employed in DCSI, for transfer to a role/duties/position in the other agency, the Commissioner for Public Sector Employment will review the potential transfer and remit the matter to the relevant agency for further consideration with a recommendation as to the suitability of the employee. The chief executive, agency head or delegate in the potential receiving agency is to consider the recommendations of the Commissioner for Public Sector Employment in determining the suitability of the employee.

All public sector agencies subject to this direction must have regard to and apply the Guidelines of the Commissioner for Public Sector Employment, wherever practicable.

Jay Weatherill

PREMIER
